b. Videos (<https://www.youtube.com/watch?v=59JiebLXXxA>)

Council members will review. Reach out with any questions you may have!

3. Review terms of SCC Members

Council members whose terms end this year (even year):

Lorraine Davis
Kari Kieffer

4. Update on Trustland funds

We may need to amend our plan because we are short on money - enrollment in MyTech high was lower than projected.

5. OTHER ITEMS / ISSUES / CONCERNS

NOLS items discussed:

ACT test for Juniors - we have a plan!

Social opportunities for our online students

Student success lab on Tues. & Thurs. 10:45 - 11:45 am

Math lab is coming

SPED enrollment is much larger than expected. We've recruited 6 more teachers to teach one or two grades of SPED curriculum. This should really improve the online experience for these students.

While this isn't the best placement for most students, it is great for some!

About 90% of our students are being successful in the program.

Enrollment is up to over 300 students.

Social Emotional Support - Bart is working on this district-wide

Wellness rooms are utilized in other districts. Teachers and students like having it. Salem Hills is going to try to incorporate this. Many schools are interested, but it is difficult to find the space in many of our secondary buildings.
